For places

1. Start with the (śrī) ශ්‍රී and identify Sri Jayawardenepura Kotte (ශ්‍රී ජයවර්ධනපුර කොට්ටේ) in sentence 6. You know this is a place.
2. Using the context of this sentence, find that sentence 1 also has ජීවන්වේ and so this sentence likely has a place. The only place name that could match the place names is that for Colombo District: (කොළඹ දිස්ත්‍රික්කයේ).
3. After finding all other solutions (for places and people), you are left with sentence 4. There is only one word that starts with a "d" (දෙහිවලට) in this sentence. This is dehivalata (Dehiwala).

For people

- 2 and 5 share the words ඔහුව මූණෑසේ; while 3 and 7 share the words සමග ආහාර ගනී. Since the language is SOV, you can assume that the words at the end of the sentence are not the names.
- These sentences *all* each have either මහත්මිය or මහතා which are close in form and there are two w/ one version (husband) and two w/ the other (wife). This the most probable choice for the “married” indicator.
- 5 and 7 both have විරරත්න and නිතරම in them, but since මහත්මිය / මහතා is next to the name and නිතරම shows up in the verb phrase in 7, විරරත්න මහත්මිය is the probable name in 7, making විරරත්න මහතා the name in 5, and the other two names following the same pattern (last name + married marker), since it is a rule that the names are one word long last names and no first names.
