

Problem 2.

- Word order:

- S V DO (IO) \equiv DO S V (IO) ($S_{(\text{noun})}$)
(S = subject; V = predicate (verb);
DO = direct object; IO = indirect object [-mokaru])
- [possessor] [possessed]

- | | 1st person sg | 2nd person sg | 3rd person sg | |
|-----------------------------|---------------|---------------|---------------|-----|
| | | | (m) | (f) |
| possessor = subject | n(I)- | p(I)- | (I)- | u- |
| IO; DO ($\neg \exists$ IO) | -nu | | -ry | -ru |

$$(I)- = \begin{cases} i & _ \{ nh, tx, x \} i \\ y & _ C \\ \emptyset & _ V \end{cases}; n > nh \mid _ i$$

- | | | |
|-----------|------------------|---------------------------------|
| body part | \neg possessed | -txi ($-y > -i \mid _ -txi$) |
| (noun) | possessed | -te |

- (a) 17. uwa xinhikaru sytu — *She remembered the woman.*
 18. txipary nhinhikary — *I ate the banana.*
